EDUCATION

UNIVERSITY OF IOWA
B.S., ENVIRONMENTAL SCIENCE

EXPECTED GRADUATION, MAY 2024

FIELD EXPERIENCE

In the summer of 2022, I participated in a month-long Ornithology class in Iowa Lakeside Lab. I have experience banding and identifying birds in the field and organizing the data. In 2023 I spent 8 weeks working as a field technician in Bighorn National Forest. I have experience working in rain, fog, and varying temperatures and conditions.

COLLEGE COURSEWORK

I have taken Ornithology, Marine Ecosystems and Conservation, Chemical Evolution of the Oceans, Foundations of GIS, GIS for Environmental Studies, and I will be taking Geographic Visualization in spring 2024.

EXPERIENCE

JUNE 7TH – AUGUST 4TH 2023

FIELD TECHNICIAN, UNIVERSITY OF WYOMING

I worked as part of a small team collecting field data for the Wyoming Natural Diversity Database in the Bighorn National Forest. My duties involved data collection and documentation, hiking to remote locations with field equipment, maintaining field equipment, and following detailed protocols. The ability to work as a team was critical to ensure that deadlines were met, and field data was accurate.

SEPTEMBER 2021 – OCTOBER 2022

WAITRESS/BARTENDER, BURGER HAUL

I worked as a member of a small team to bring a pleasant and sanitary dining experience to guests of all ages and backgrounds. My duties involved cleaning, taking food and drink orders, making cocktails, and serving food in a busy and fast-paced environment. I often worked long shifts and experienced new challenges every day. This job helped me to develop excellent time management skills and flexibility.

JUNE 1ST – AUGUST 13TH 2021

SUMMER NATURALIST, INDIAN CREEK NATURE CENTER

I learned from and contributed with naturalists to assist, plan, and lead programs for the Indian Creek Nature Center Creek Camps and other summer educational programming. I was responsible for assisting and leading outdoor, science, and nature-based activities for children and adults while conveying the curriculum in a fun and engaging way. I was also responsible for helping to feed and maintain some of the live animal exhibits, which included an Eastern Tiger Salamander, Painted Turtles, and an American Toad.
